

Core Services Agency

A Mental Health Rehabilitation Program

ABOUT PSI

Founded in 1979 by two psychologists, PSI takes its name from the Greek letter psi, the symbol for Psychology. PSI staff is committed to community-based mental health services that enable persons served to live productive and meaningful lives. PSI works closely with families in treatment planning and interventions. The PSI mission is HELPING PEOPLE GROW®.

THE PSI PHILOSOPHY

PSI's cognitive behavioral models of care stress developing individual strengths and capacity to cope with the stressors in our lives. Our services are person-centered. The PSI mission is to support the families and caregivers of the persons we serve, and to help our individuals realize their personal goals and live in the least restricted community setting.
