Helping you meet today's challenges of fatherhood

# PSI Fatherhood PROGRAM

## About PSI

Founded in 1979, PSI is a non-profit mental health clinic dedicated to "Helping People Grow."<sup>®</sup> We are committed to helping you fulfill your personal goals.

## PSI Fatherhood Program

The PSI Fatherhood Program believes that caring men are important to the wellbeing of their children. The PSI program helps men become involved fathers, uncles, grandfathers and cousins.

Men --living with their children or living apart -- learn to

- overcome stereotypes and social pressure
- accept the rights and responsibilities of fatherhood
- have a positive impact on their children's lives

The PSI Fatherhood Program focuses on -

- Transition to fatherhood for single men
- Family violence and anger
- After effects of trauma and abuse
- Substance abuse prevention and recovery
- Depression
- Reentry from Incarceration
- Healthy lifestyles and independent living

## **ELIGIBILITY**

The PSI Fatherhood Program is open to males 16 years and older who –

- Are admitted by the Department of Behavioral Health to PSI Core Services Agency
- Expressed an interest in participating in the Fatherhood Program
- Agree to follow the rules of the program, including random drug screens
